

# Séminaire sur les politiques environnementales

Les politiques environnementales dans l'ère post-pandémique:  
nouvelles perspectives dans le cadre réglementaire actuel

Mme Daniela Addis

*Directrice de Cabinet d'Avocats - Droit de la Mer et droit de l'Environnement (Italie)*

What about the environment, in the world that comes after in the post-pandemic era: what are the prospects in the current regulatory framework?”

# 2020-2021 Covid-19 pandemic

Environmental crisis  
biodiversity loss, pollution, climate change, ...

A human rights-based approach  
for environmental protection

International Covenant on  
Civil and Political Rights

International Covenant on Economic,  
Social and Cultural Rights (ICESCR)

Convention on  
Biological Diversity

State obligations

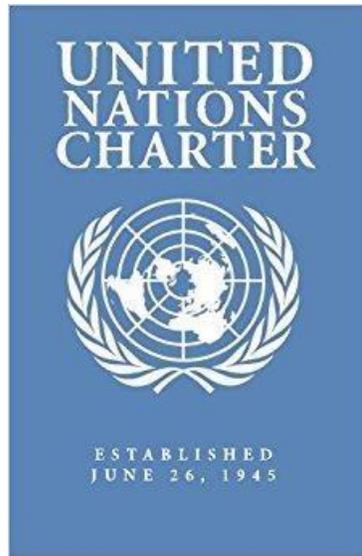

human rights/environmental protection

# Public participation and information

**access to justice in environmental matters**

# International cooperation and solidarity

International Covenant on  
Civil and Political Rights

- sharing of resources and technology transfers
- establish mechanisms and resources for addressing transboundary impacts

## States and the international community shall guarantee

- ▶ Adequate resources to prevent human rights harms caused by biodiversity loss
- ▶ The right to enjoy the benefits of science and its applications
- ▶ The right of all people to education and information

# The CBD post-2020 Biodiversity Framework

STEPS TO AN  
ECOLOGY OF MIND

GREGORY BATESON

*“The increase of population spurs technological progress and creates that anxiety which sets us against our environment as an enemy”*

Ours is not the only way  
to be human: we can  
change it

# Ecological Transition

The current situation

The renewable energy

The industrial revolution

The future

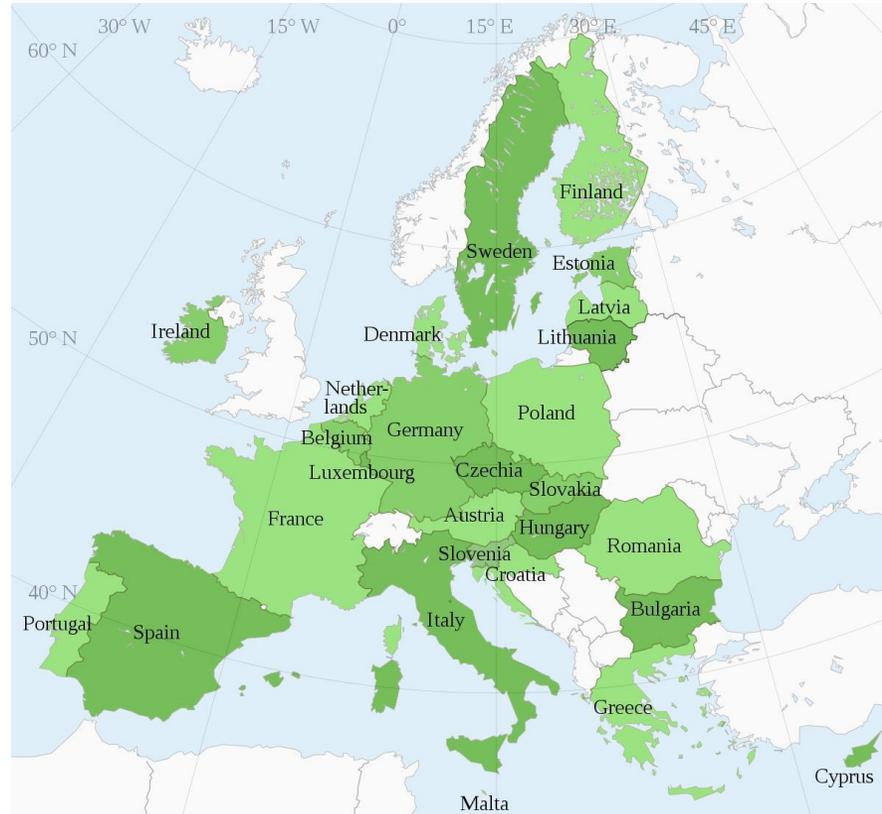

Introduction

Wooclap

Tips

Footprints

# Post-pandemic EU is investing in a green, digital and resilient Europe

to pursue the great objectives of the  
"green, equitable and inclusive transition"

✓ to put aside the mere self-interest of our species

to put an unprecedented reduction in consumption

to pursue the great objectives of the green, equitable and inclusive transition

# ROAD TO RECOVERY

**A1** NEXT EXIT

## Blue-Green Recovery Road

- ▶ sustainable economic development
- ▶ sustainable jobs
- ▶ social equity
- ▶ respect for nature
- ▶ connectivity
- ▶ sustainability

A **Blue-Green** approach for an appropriate use of our planet's resources

**THANK YOU!**

**MERCI!**
