Dear Mr Bouchenak-Khelladi

You are to be congratulated. Many thousands of biographies from a wide variety of sources are investigated by the Research and Editorial Departments of the International Biographical Centre each year for inclusion in our renowned reference books and for consideration for our Awards Programme. A select few are those of individuals who, in our belief, have made a significant enough contribution in their field to engender influence on a local, national or international basis. You are one of these contributors to excellence. You have, through your constant efforts, maintained a standard worth rewarding. Therefore, as a **noted and eminent** professional in the field of education you have now been considered and nominated for recognition by the IBC. Ratification of this nomination by the Awards Board is now complete and it is therefore my great honour to name you as an inaugural member of the IBC

LEADING EDUCATORS of the WORLD 2005

As holder of this distinction, you can be assured of your place in our history and be gratified that your work has not only been noticed but recognised as outstanding. In any one year few of the world's foremost educators, both the famous and the uncelebrated, from all disciplines will be able to populate this exclusive list. These are people whose daily work *makes a difference* - not just those who populate the headlines. It is henceforth decreed that **you** should be on this list for 2005 but as bearer of this honour you will be recorded for perpetuity in the halls of the International Biographical Centre - I trust you will be proud to know your name is to take its rightful place.

As a founding listee of the IBC **LEADING EDUCATORS of the WORLD** you are eligible for the commemorative items available - the distinguished and limited **LEADING EDUCATORS of the WORLD** medal, designed by our regalia-makers to the World's Monarchies, and the distinguished illuminated certificate which is printed in full colour on finest parchment - I enclose details for your perusal.

I am very pleased to be able to bring you this news and hope you feel proud of the influence you have on your colleagues and friends. It is only left for me to offer my sincere congratulations. I look forward to hearing from you.

Sincerely

Nicholas S. Law

Dear Mr Bouchenak-Khelladi

2000 OUTSTANDING INTELLECTUALS OF THE 21st CENTURY

The Oxford English Dictionary defines intellectualism as the "doctrine that knowledge is wholly or mainly derived from pure reason" and it follows by saying that an intellectual is a "person possessing a good understanding, enlightened person".

Surely, therefore, this definition is the reason for your selection to be included in this prestigious publication which is due for release in late 2008. I invite you to take your place within its pages. Only two thousand intellectuals can be featured from across the world and I therefore urge you to complete the enclosed questionnaire as soon as possible. 2000 Outstanding Intellectuals of the 21st Century will be made even more widely available to Librarians, Research institutes and Academics worldwide. It goes without saying that copies will be housed in the leading libraries of the world including the Library of Congress in Washington DC and the British Library in London.

Inclusion is based on merit alone and there is no obligation to purchase a copy of **2000 Outstanding Intellectuals of the 21st Century**. However, I recommend you to study the Reservation Form on the reverse of the enclosed questionnaire and return it to me by the date shown or as soon as possible.

I look forward to receiving your completed questionnaire. Inclusion is a sign of recognition.

Sincerely

Nicholas S. Law
Director General

P.S. I would be very grateful to receive the names of colleagues or friends that you believe deserve consideration for inclusion in this title. Space is provided on the enclosed questionnaire.
